RE: Proposal for SWPPP for Caltrans 05-1A0004, Bids 11/7/18

Dear Prime Contractor,

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services.

Scope of Work:

- A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
 - Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
 - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
 - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.
- B. Storm Water Annual Report
 - Prepare Stormwater Annual Report in accordance with SWRCB and Caltrans requirements. This service can only be provided if we also prepare the SWPPP or provide stormwater inspection.

Fee:

The SWPPP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare SWPPP (Part of Bid Item No. 10)

\$2,800

B. Storm Water Annual Report (\$600 EA x 2, Bid Item No. 13)

\$1,200

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

Timing and deliverables:

Submittals will be provided in a timely manner; please contact us for scheduling so we can meet your deadline. The document will be provided in hard copy (4 copies) and electronic PDF format.

Sincerely,	AUTHORIZATION TO PROCEED

GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

 A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.

2) Modification to the work may require a change in the quote.

- 3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
- 4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.

5) All teeth over one complete set will be charge to the contractor.

- Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
- 7) In the event there is an increase in the cost of fuel of more than \$0.50 per gallon during the performance of this contract, ABSL will be entitled to a \$75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp.
- 8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: \$500.00 per hour.
- 9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
- 10) This proposal to be attached and made part of any and all resulting contracts.

11) The above price does not include permits, fees, bonding, state or local taxes.

- 12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
- 13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
- 14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence.
- 15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
- 16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the California Government Code. Customer assumes sole responsibility for, and all subsequent liabilities coincident with following the requirements of the regional notification center law. Furthermore, customer agrees to be responsible for all damage to both utilities themselves and to our company's equipment by reason of ABSL equipment encountering unmarked utilities.
- 17) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

Daryl Vorne

SUPPLIER CLEARINGHOUSE CERTIFICATE OF ELIGIBILITY

CERTIFICATION EXPIRATION DATE: December 31, 2018

The Supplier Clearinghouse for the Utility Supplier Diversity Program of the California Public Utilities Commission hereby certifies that is has audited and verified the eligibility of:

KR C Safety Co. Inc. Minority Business Enterprise (MBE)

pursuant to Commission General Order 156, and the terms and conditions stipulated in the Verification Application Package.

This Certificate shall be valid only with the Clearinghouse seal affixed hereto.

Eligibility must be maintained at all times, and renewed within 30 days of any changes in ownership or control. Failure to comply may result in a denial of eligibility. The Clearinghouse may reconsider certification if it is determined that such status was obtained by false, misleading or incorrect information. Decertification may occur if any verification criterion under which eligibility was awarded later becomes invalid due to Commission ruling. The Clearinghouse may request additional information or conduct on- site visits during the term of verification to verify eligibility.

This certification is valid only for the period that the above firm remains eligible as determined by the Clearinghouse. Utility companies may direct inquiries concerning this Certificate to the Clearinghouse at (800) 359-7998 in Los Angeles.

Subject: Granite Construction - Caltrans 05 District Bids

Good afternoon -

We just spoke regarding the upcoming Caltrans bids Granite is working on in the 05 District.

I understand the calls are probably annoying, especially given all the bids Caltrans has out right now.

I wish the unnatural forms of contact were not required - most of our subcontractors, including DBE subcontractors, are simply solicited by email and they respond using email/fax.

Below are the jobs I was calling about, including links to the plans.

As you can see, there are DBE goals on all of them, which we intend to meet.

If this is work you're interested in, please submit a quote by fax (831) 761-1042 or email to me and you will given priority consideration for work on these jobs.

Thank you! PATTI A

NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

Describe the Bidder's efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the Contract to assist them in responding to a solicitation. Identify the DBEs assisted, the type of information provided, and the date of the contracts. Provide copies of supporting documents.

All DBE solicitations included a link to the Caltrans project website, as well as a link to our SmartBid planroom where plans and specifications were available for download. DBEs were given our company contact information and the names of our estimators, as well as suggested items of work for bidding. All solicitations provided a means (through response links, emails, faxes or phone numbers) for DBEs to indicate their interest, or to request further information.

6. Describe the Bidder's efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance, identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

All of Granite's solicitations offered assistance with bonding, insurance or supplies, and our written solicitations provided information for the US SBA bonding assistance website.

No DBEs requested any further assistance from Granite.

7. Describe the Bidder's efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate, Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate, Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

Granite's advertisements and direct solicitations offered assistance with equipment or supplies, and encouraged non-DBE subcontractors to utilize DBE suppliers for their work.

No DBEs requested any further assistance from Granite.

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Contacted State of California seeking DBEs for participation in this contract, by visiting UCP website and performing a search. This was done on September 14th & 18th DBEs were sought under the work codes listed in Section 2. A list of DBEs was generated, imported into SmartBid for solicitation, and good faith efforts were undertaken to notify these DBEs of the bid and to encourage their participation. Any additional DBEs found on the project's Opt-in List were included.

Include additional data to support a demonstration of good faith efforts

Through Granite's efforts, we were able to meet the DBE goal established for this somewhat remote project.

Granite also regularly attends various outreach events, where our estimating team meets with many small, minority and DBE firms who are potential subcontractors and suppliers for projects we pursue. A list of recent such events is attached.
